The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients — Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on *Materia Medica* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed *free* to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It *will* cure the affections that lead up to consumption, *if taken in time.*

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

"THE UNWRITTEN LAW."

One of the most curious and painful revivals of barbarism witnessed for many years is the appeal that is being made of late, in many parts of the country, to what is popularly known as "The Unwritten Law," but what is in reality Individual Lynch Law.

By "The Unwritten Law," these advocates of legalized lawlessness mean that under certain circumstances and in view of certain provocations—simply on the judgment of the person who considers himself mistreated—a man may take the law in his own hands, and, without warning, kill the person who has offered him provocation; and then go scot-free of any punishment at the hands of the outraged law. Killing—under these circumstances—not being murder, but justifiable protection of a mythical and supposed "honor."

Fortunately, this outbreak has not been confined to any section of the country, and so, the discussion of it cannot be made sectional in any way. But this is the only thing that can be called "fortunate" in the whole barbarous connection.

In New York, a noted lawyer had the impudence to plead this brutal defence in the face of the whole country; but righteously, his plea had no effect. In Virginia, disastrously for the fair fame of the Old Dominion, the same plea was made successfully. And now these two wretched examples seem to be bearing their legitimate fruit in the revival of this horrid, barbarous and brutal plea in many directions.

"The Unwritten Law" is simply a contradiction in terms; either a meaningless set of words, or a phrase deliberately designed to cover a lapse from all law, and a brutal disregard of the elementary principles of civilization.

If "The Unwritten Law" means anything on earth, it means the condoning and justifying of lynch law in its worst and most malignant form; where a solitary individual usurps every function and office of the law; act as prosecutor, witness, jury, judge and executioner; and then has the conscienseless inpudence to justify his foul act in the sight of all men. And this, too, in the face of the fact that murder done under the plea of justification by the "Unwritten Law" is usually the foulest and most cowardly of all forms of murder. Usually, the pleader of "The Unwritten Law" has taken his adversary at unswares, given him no warning or chance of self-defense, and shot him down, unarmed and unwarned, in most cowardly fashion. And then a poltroon of this type has the impudence to stand up in the face of high heaven and decent men and plead "The unwritten law."

And there are found juries and even judges—sworn to administer the law as it is written in the statutes of the land—who give heed to this dastardly and barbarous plea!

The law, as it is contained in our statute books, is the highest and most solemn and God-like instrument in the land. Reverence for law and obedience to law, is akin to reverence for and obedience to God. And disregard and contempt for law is striking at the root of all that is permanent and valuable in religion and civilization. A country or community that tolerates and justifies contempt for law, is lacking in the most essential element of permanent and useful civilization, and thereby proves itself akin to barbarism.

It is to be hoped that no State or community in all this land is so low in the scale of Christian civilization as to tolerate, much less justify, this savage plea. But whether the community openly justifies this plea, or not, the mere existence and use of the plea tends to dangerous consequences.

To its honor be it said, the press of this country has largely taken an open and positive stand against this unrighteous position, and the honorable part of that press has expressed its opinion in no uncertain terms.

It is most devoutly to be hoped that the courts will visit the users of this "Unwritten Law" plea with the utmost penalties of the law and make such examples as will bring this plea into contempt. A few notable and prominent examples in this direction would work notable results. How can we hope to put a stop to the exercise of lynch law by a mob, when one individual is allowed to exercise that same lynch law, and go free of all legal penalties?

Respect for the law is a fundamental of civilized society; and violation of law should be tolerated neither in the case of the mob nor of the individual.—[Southern Churchman.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; He says: "Doctors got badly mixed up over me; one said heart disease; two said it was kidney; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranted to cure blood poison, weakness and all stomach, liver and an, weakness and all stomach, liver and kidney complaints, by E. S. Leadbeater & Sons, druggist, 50c.

Salesman Murdered.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. A Great Roast!

Over a ton of Arbuckles' Ariosa Coffee is roasted at a time, in a large revolving cylinder, which drops the coffee through heat again and again until each bean is uniformly roasted.

No other coffee is in sufficient demand to afford such scientific and perfect preparation.

The sales of Arbuckles' Ariosa Coffee exceed the sales of all other packaged coffees combined, and this scientific roasting, which no other coffee can afford, by its very magnitude, reduces our cost to a minimum, and enables us, with our other advantages, to give better value in Arbuckles' Ariosa Coffee than is possible for any one else.

Arbuckles' Ariosa Coffee is the cheapest good coffee in the world, and the best of all for you.

Notice to City Taxpayers.

Collector's Office, June 17, 1907.

Notice is hereby given that the tax bills for 1907 are now in the hands of the collector. The attention of parties interested is respectfully called to the following extract from the revenue bill of that year:

"Upon all bills paid in full by the 1st day of July, 1907, the Collector of Taxes shall allow a discount of ten per cent., and on all bills paid by the 1st day of September, 1907, he shall allow a discount of five per cent., and on all bills not paid on the 1st of December, 1907, there shall be assessed and collected a penalty of five per cent. upon the amount of said bills, and on all bills remaining unpaid on the 1st day of June, 1908, damages at the rate of six per cent. per annum shall be paid."

Taxpayers would do well to call and pay at once in order to avoid the rush and crowd usually present on the last days in which the discount is allowed.

Bring a list to make sure you get bills for all your property, as the collector will not be responsible or allow the discount after the time fixed by law.

TO THE OWNERS OF DOGS.

MAYOR'S OFFICE,
Alexandria, Va., June 12, 1907.

All persons owning or intending to keep any animal of the Dog or Canine species should come forward on or before

JUNE TWENTY-FIFTH, 1907,

and take out a license for the same from the Auditor. After the 30th of June all persons owing or harboring Dogs without the required license are subject to a fine as the laws on the subject require of $3.00 or $5.00.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and policemen will report all such cases and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

☞In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, etc., on a card or paper when making application for licenses to the Auditor.

FRED. J. PAFF, Mayor.

The following is a copy of Section 54 of the License law: "On every dog, regardless of sex, one dollar and fifty cents."

SIC SEMPER TYRANNIS

FRIDAY EVENING, JUNE 21, 1907.

IT IS officially stated at The Hague that General Horace Porter's reservation Wednesday covering the right of the United States to present the question of the limitation of armaments does not mean that the Washington government has definitely decided to raise the subject. On the contrary, it is stated that it involves no change in the American attitude, which is defined as follows:

The United States regards the limitation of armaments primarily as a European question and, in face of the present divergence of views among the European powers and the unwillingness of any of them to assume the responsibility, the United States does not feel justified at the outset of the conference in injecting an issue which might jeopardize the important work achievable. Nevertheless, the United States does not want to see the door closed and the reservation is made to protect her right to introduce the subject if for any reason later she should decide to do so.

PRESIDENT ELIOT, of Harvard, addressing the Association of New York State Colleges and Universities at Cornell, recently, came out squarely in favor of withdrawing Harvard students from all intercollegiate athletics, the dishonorable practices which he deprecated, and he especially urged the abolishment of professional coaching. He believes that no game is fit for playing where one has to wear padding, masks and other defensive articles to prevent serious injury. President Eliot has taken the proper stand but he finds himself in the minority in these days of strenuosity when the more brutal the play the more pleasure it gives the spectators.

ACCORDING to dispatches from France, that country is in a worse condition at present than Russia. A revolution is in progress which seems to be gaining strength all the time. One regiment stationed in the wine-growing section is in open mutiny and about half of another is in the same condition. Railway tracks have been torn up to prevent other troops from reaching certain points, riots have occurred, attempts have been made to fire buildings and other excesses carried on. In the face of such serious conditions famine is prevailing in some places. It is feared that the entire French army is about to revolt.

AT Boise yesterday the prosecution in the Haywood trial succeeded in again showing a direct connection between the store of George Pettibone, in Denver, and Harry Orchard at work on the Bradley crime in San Francisco, and that Haywood had declared that Steunenberg was a tyrant and a monster who should be exterminated. And still there are men who protest that Haywood and his pals are innocent men and are being persecuted by capitalists!

IT IS a matter of congratulation that one of the two 20,000-ton battleships designed to equal or surpass the British Dreadnaught will be built at Newport News, where several of the United States naval vessels have been constructed. The Newport News Shipbuilding Company has done excellent work and has shown that Virginia can build ships as well as they are built any where else.

MASSACHUSETTS is regretting that Bunker Hill Day is being turned into a sort of forerunner of the Fourth of July, with its nerve racking din and its long train of fireworks accidents. One Fourth of July is bad enough—or will be until we begin to display more sanity in regulating the public use of firecrackers and other explosives.

ATTORNEYS for the Standard Oil Company have intimated that the oil trust may not tell the Chicago court what are its assets. Well, the Standard from the first has held that the government has no rights which that company needs respect.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, June 21.

The Attorney General decided today to begin prosecution under the Sherman anti-trust act against the bituminous coal carrying railroads and the shoe manufacturing company. He went over the papers in the case thoroughly today his chief trust buster, M. D. Purdy and gave his approval to the recommendations. He also inspected the five proofs from the printer of the bill which will be filed in equity proceedings against the trust tobacco. It was hoped to make a formal announcement of its suit today, but publicity will be deferred until the papers are filed, which will probably be early next week. The evidence against the bituminous coal carrying railroads is said to be as strong and damaging as that secured against the anthracite coal carrying trust. The Department of Justice has been investigating its operation for over a year.

The cases of a group of West Virginia republican officeholders, who have been charged with pernicious political activity, have been taken up by Civil Service Commissioner Greene, with President Roosevelt and the Secretary of the Treasury. He has suggested that the officials named in the complaint be requested either to resign their federal positions, or renounce their work of aiding the republican cause in that State. The complaint was filed by Henry Wise, of Grafton, W. Va., and names Attorney Northcott, Marshal Elliott, Internal Revenue Collector Babcock,; Postmaster Denham, of Clarksburg, Postmaster Schott, of Bluefield, and Deputy Collectors of Internal Revenue W. W. White, of Welch, and C. E. Henshaw, of Martinsburg. All the officials named, except Messrs. White and Henshaw, are presidential appointees and do not come within the jurisdiction of the commission. The case against White and Henshaw has been referred to the Treasury Department.

In the report of the Board of Visitors to the United States Naval Academy, the chairman of which was Senator Gallinger, of New Hampshire, several important recommendations are made. The board records its appreciation of the "admirable condition in which it found the Naval Academy in all its departments and the proficiency of the midshipmen in their drills and exercises, as well as their alertness and general bearing The board is emphatic in its opinion that no portion of any future class should be graduated in advance of the full four years' course, that under no circumstances should the standard of instruction be lowered and that changes may be made in the curriculm so as to make the course of instruction less theoretical and more practical. It is unanimously recommended that a new department be created for the study of electricity and the practical application of electrical power.

Marion R. Tolson was today appointed postmaster at Stafford Store, Stafford county, Va., vice R. H. Shacklett, removed.

Attorney General Bonaparte and Assistant Attorney Purdy are conferring today in regard to the bringing of suit against the bituminous coal-carrying railroads. It is believed that an announcement of the beginning of this suit and that against the tobacco trust may be made before night.

According to the bureau of statistics of the Department of Commerce and Labor this country will expoft a million dollars' worth of peanuts during the present fiscal year about to end. In 1900 the value of the peanut export amounted to only $6,000. Prices of peanuts have greatly advanced in the foreign market. France is the most important purchaser of American peanuts.

John S. Mosby has completed his book on General Stuart in the Gettysburg campaign, and will at once have it published. "I smash some idols," says Colonel Mosby, "but the book will contain nothing but the truth. Incidentally, I have had to be rather severe upon certain officers. This was from no animus towards them. In writing the book I was moved solely by a desire to tell the truth, and defend the memory of General Stuart."

Four men were killed and two seriously injured at the Proctor and Gamble Soap Works at Mariners Harbor, Staten Island, last night, when a live electric wire came in contact with a boiler that was being moved out of the works on a flat car.

A most appalling automobile accident occurred at Caianello, about 100 miles distant from Naples, yesterday, five men being killed. The motor car, which was going at high speed, ran into a rock and was demolished. Among the killed was Prince Pescara, a member of the Italian nobility and related to the Spanish royal house.

It was sworn in the Haywood murder trial yesterday that prior to the assassination of former Gov. Steunenberg, Haywood had declared the "monster Steunenberg should be exterminated." The State further showed that money had been sent from Pettibone's store in Denver to Orchard while he was in San Francisco on a mission of murder.

Dr. Harvey W. Wiley, chief of the Bureau of Chemistry, Department of Agriculture, sailed from New York yesterday for France. He is going to Bordeaux to act as one of the jurors of the foods exhibit at the Bordeaux Exposition, and to continue his investigations into the production of French wines. He will be absent until about August 1.

Nealon, the four-year-old colt of C. E. Durnell, yesterday won the suburban handicap at Sheepshead Bay by a length over Montgomery, who was second. BeaconLight was third. Nealon's time for the mile and a quarter was 2.06 2 5. The Keene entry and Electioneer, the favorites in the race, were beaten off in the first half of the distance. Nealon was 20 to 1 in the betting.

Two stage coaches, containing sixteen tourists, bound for Yosemite Valley, were held up and the passengers robbed of $3000 and considerable jewelry by a lone highwayman Wednesday night about forty miles from Raymond, Cal., The robber wore a mask, and was cool and bnisness like. He is believed to be the same man who robbed three stage coaches on the same road last year. Both stages were robbed in the same manner and at short intervals.

W. W. Barton, a carpenter, shot and almost instantly killed his wife, three children and himself at his home, near Jasper, Fla., Wednesday night. One victim, a child five years of age, survived long enough to tell that Barton did the killing. Unhappy domestic relations are believed to have been responsible for the crime. Barton left home Tuesday and did not return until late Wednesday evening. When he found the door nailed against him he battered them down and began his work of destruction.

John Siemen, a Hungarian, aged 50 years, shot his two little children in the head last night at his home in Wilmington, Del., and then sent a bullet into his own brain. The trio were removed to the Delaware Hospital, where the father died a few minutes after being admitted. The children will also die. They are aged 2 years and 3 years, respectively. The bullet went completely through the head of one of them. Siemen had been drunk all day. Last night after he and the children had retired and when the wife left the house because of his conduct, he fired the shots.

In an alleged attempt to kidnap his daughter, Dorothy, who graduated Wednesday from Dana Hall, the fashionable boarding-school at Wellesley, Mass., Robert F. Straine, a Boston broker, was overpowered by two neighbors in the home of Mrs. Elizabeth J. Hurd, at Wellesley, at 2 o'clock yesterday morning and arrested. A handsomely dressed woman, who gave the name of Mary Smith, of Worcester, who rushed into the Hurd house with Straine, was also taken in charge by the police. Miss Straine was in such a condition yesterday, owing to the shock, that she was unable to appear in court. Straine and the woman were charged with disturbing the peace and were released on bail to appear next Thursday.

Colonel Samuel P. Colt, at Providence, yesterday withdrew from the Rhode Island Senatorship contest.

A large class of applicants is been examined sixty-eight having been filed.

The Question of Transportation.

To the Editor of the Alexandria Gazette.

In view of the importance attaching to railroads and the general question of transportation, it may be interesting to read some statistics on the subject, found in a report compiled and published in 1852 by the U. S. Census Office at the request of the French Department of Public Works. From this report it appears that there were in the United States, on the first of January of that year, 10,814 miles of railroad in operation and 10,898 miles in course of construction. The total cost of the construction and equipment of the railroads then in operation, was $371,770,000.

"The railroad system of the United States," says the report, "may be considered to have commenced in 1830. The first one in operation was a short road built for the transportation of ice from a small lake in Massachusetts to the sea. The length of this road was four miles. It was finished in 1830.

In the same year the State of South Carolina caused to be commenced a railroad from Charleston, its principal port, to Augusta, in Georgia. The distance is 135 miles. This work was finished in 1833, at the very remarkably small cost of $1,336,615 which sum included also the expense of furnishing the road with engines and passenger and freight cars and all other necessary equipments. This was the first railroad of any considerable length in the United States and is believed to have been the cheapest and one of the most successful."

While this South Carolina road cost $9,160 per mile for construction and equipment, the 2,870 miles of railroads in New England cost over $45,000 per mile; those in Pennsylvania, Delaware, Maryland and Virginia, aggregating 3,006 miles, cost over $27,000 per mile and those in North Carolina, Georgia, Alabama, Mississippi and Louisiana aggregating 1,280 miles, cost $16,561 per mile.

The cost of construction in New York could not be exactly ascertained, but approximated $76,000,000 for 1,826 miles of road.

The rates of passage varied as greatly as the cost of construction and apparently in reverse proportion. In New England the average price per mile for the conveyance of passengers was less than two cents; from Boston to New York it was two and four-tenths cents per mile; from New York to Philadelphia, three and four-tenths; from Philadelphia to Baltimore, three and one-tenth, and from New York to Cincinnati, one hundred and forty three miles of the route being by steamboat, the price of a ticket for the trip of 857 miles was $16.59.

The whole of this published report would be interesting, but it is too lengthy for a communication of this character.

LAWRENCE WASHINGTON.

A Noted Case Recalled.

Information has been received of the death at the home of her husband in Sussex county of Mrs. Charles R. Stewart. It is also stated that the husband is in rapidly declining health. Stewart figured prominently in the newspapers several years ago during his trial in the Sussex court on the charge of the murder of Miss Annie Bolling, his cousin, who was employed in the Stewart home. The jury was divided and the prisoner went free.

The trial attracted attention throughout the State, being a notable one in the history of criminology in Virginia. The mystery of the death of the girl was never cleared up. Her body was discovered in the woods half charred. Traces of kerosene were discernable. The defense claimed that she had committed suicide.

The Haywood Trial.

Boise, Idaho, June 21.—Everybody in the Haywood case was well pleased when court opened today at the prospect that the State would rest its case before the session ended. Both Hauley and Borah declared there was little more for them to do, as the best portion of the case was in. The defense will open Monday morning.

Virginia News.

The body of midshipman Murfin, was found yesterday. This is the last of the eleven drowned in the launch in Hampton roads recently.

Incomplete returns from the 29 precincts in Loudoun county indicate that John O. Daniel, of Evergreen Mills, defeated Major B. W. Lynn as floater delegate from Loudoun and Fanquier counties by a majority of 100. E. E. Garrett was re-elected Commonwealth's Attorney; J. L. Gill, treasurer, and T. W. Edwards, sheriff, each without opposition.

At Christ Episcopal Church in Millwood, Clarke county, Wednesday night, Miss Sibyl Burwell, daughter of Thomas H. Burwell, was married to Edward B. Jacobs, of Clarke county, Rev. J. M. Robeson, the rector, officiating. Julian Day, of New York, was best man, and the maids of honor were Misses Margaret and Dora Belle Burwell, relatives of the bride.

Miss Mary Powell Page, daughter of Dr. and Mrs. Robert Powell Page, of Berryville, Clarke county, was married to W. Henry Patterson, of Petersburg, at Berryville Wednesday night, Rev. Edward Wall, rector of Grace Episcopal Church, officiating. Miss Helen McGill Page, sister of the bride, was maid of honor, and John Watson, of Petersburg, was best man. Mr. and Mrs. Page will live in Petersburg.

A dispatch from Richmond says following rumors in which the name of a well-known young woman of Oak Grove is involved, Rev. J. A. Sullivan, pastor of the Oak Grove Baptist Church, resigned his pulpit last night. It is said by his wife that he has accepted a call to a church at Washington, N. C. It was said by members of the church yesterday that at a recent meeting of the board of deacons the matter alluded to had come under discussion and that the character of the preacher had been vindicated. Resolutions of regret have been adopted by the deacons.

RIOTING IN FRANCE.

The situation in the winegrowers' district in the south of France is decidedly more serious than the officials will permit to be known. Within the last 24 hours the rebellion has been characterized by bloodshed and the destruction of property by mobs, in which the women are as furious and desperate as the men. Press dispatches from the disturbed section are closely censored.

In rioting at Narbonne three persons were killed and fully a hundred soldiers and civilians, including a score of women, are said to have been wounded, several of them sustaining fatal injuries. The troops, who were ordered to fire in the air, shot straight at the mob besieging them in the courtyard of the subprefecture.

Narbonne is described as presenting a remarkable spectacle after the night battle. The paving stones used in the assault on the troops encumber the streets, the walls are marked with bullets, windows are broken and the cafes are wrecked, the furniture having been used for building barricades. Broken bottles, used as clubs, litter the streets everywhere.

Many of the wounded are suffering from shot wounds and saber gashes, or from fractured skulls or limbs.

There are no signs of the dangerous excitement abating, but the overpowering military force keeps the people from assembling in large numbers.

Many winegrowers continue to pour into Narbonne from the country districts and threaten to set fire to the hotels occupied by the army officers. Fresh troops are arriving at the disturbed city.

There was another bloody encounter between the troops and rioters that occurred yesterday and scores of people were killed or wounded. A number of the soldiers suffered.

A whole army corps has been put in motion to deal with the rebellious winegrowers, but the government claims that the forces now are so distributed as to isolate the different sections and render it practically impossible to effect a general mobilization of the disaffected people.

V. M. I.

The Virginia Military Institute's final commencement exercises were held yesterday when a large audience gathered to witness the presentation of diplomas. The exercises consisted of announcing the distinctions in the four classes, delivery of diplomas, and delivery of Jackson Hope medals to first and second highest graduates.

The valedictory address was delivered by Cadet George W. Nicholls, of Spartansburg, S. C., who later was awarded the first medal as the first distinguished graduate of his class. The second was awarded to Cadet Murray F. Edwards, of Kirkwood, Mo.

The address before the graduating class was delivered by Harry D. Flood, of Appomattox, Representative in Congress from the Tenth district.

The exercises were presided over by Gen. Scott Shipp, who yesterday retired from the superintendency of the institute. Gen. Shipp was the recipient of a handsome mahogany and leather chair, presented to him by the cadet battalion.

A letter was read from Gov. Swanson praising the conduct and bearing of the cadets at the Jamestown Exposition on Virginia Day.

The following State cadets were appointed yesterday by the board of visitors:

At large, Albert Smith, Richmond; W. E. Ruehrmand, Richmond; William Parker, Gloucester county; J. B. Bentley, Newport News; T. G. Peyton, Richmond; C. M. Brister, Petersburg; P. W. Ely, Lee county; J. R. Macredy, Roanoke; M. Miller, Danville; W. P. Akers, Bristol: C. H. Haynes, Halifax county; Hugh McClure, Staunton; A. Nalle, Culpeper; R. Ward, Loudoun county; T. Gerow, Petersburg; H. F. Lee, Fredericksburg; T. B. Baker, Purcellville.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Disorder in France.

Paris, June 21.—Three hundred soldiers detailed for duty in the vine growers strike riots at Adje mutinied today, according to an official announcement given out by the government this afternoon. The men protested against being compelled to do police duty against their countrymen, and their protest being unheeded they left their barracks in a body, carrying their arms and several rounds of ammunition. They made their way to Beziers, where they are encamped in the public square. The mutineers are being treated as heroes, and the populace is banqueting them plying them with wine.

The situation today is regarded as the most critical since the outbreak of the trouble, and in response to the demands of the press Preimer Clemenceau today held a secret conference with the cabinet, Some radical action is expected before nightfall. In the meantime fresh troops from the north are being hurried to the disturbed district, as there is the best of reason for believing that the mutiny at Adjeis is only the beginning of a general movement on the part of the French troops, who have all along been averse to acting against their countrymen.

The commandant at Narbonne wires that he has adopted extreme measures and has given orders that the entire populace must keep in doors or be subject to arrest. No person is permitted in the street unless he can give a satisfactory reason. The rigid measures have enforced a calm at Narbonne, but the situation is strained to the breaking point and the possession of many arms by the people is expected to result in an open clash at any moment.

Despatches this afternoon from Narbonne indicate as steady increase in the seriousness of the situation there and the probability of still further bloodshed as the result of the second attack on the mobs by the soldiers last night, when another half dozen of the rioters were killed and scores injured.

Women are causing the government troops the most trouble. Numbers of these amazons are stirring the mobs to violence, making stump speeches, carrying banners and urging death to all soldiers. Last night a young girl of twenty, who had been leading a band of workmen in a rush against the soldiers, was shot through the heart when the troops in self-defense fired a volley. Today the woman is being mourned as a martyr.

Her body was carried in state to her home and hundreds of the natives have flocked to the little cottage to do homage to her body. Incendiary speeches have been made and police are expecting the gravest trouble tomorrow when the girl's remains will be buried.

Demonstration in the streets of Narbonne continued today the strikers marching through the streets wearing tri-colored cockades and waving red flags, shouting "down with Clemenceau" and "give us our mayor or give us death."

The local prison at Narbonne is already crowded to suffocation with prisoners and today the government buildings were converted into temporary quarters for the scores of leaders now under arrest. Every time an arrest is made the troops are forced to fight their way through mobs which accompany the prisoner, lauding those under arrest as martyrs.

One of the most serious features of the situation is the lack of loyalty on the part of the police, none of whom can be trusted to do guard duty. Already a number of important prisoners have been allowed to escape while under police guard, and today the government commanders are weakened by having to use a large part of their forces for guard duty.

The rioters are heavily armed. Conditions bordering on a famine prevail, and bread riots are threatened as the result of the closing of the shops by the troops and the difficulty of obtaining provision.

At Perpiahan today the mob attempted to storm the jail and release some prisoners. The soldiers beat the rioters back, however, and then succeeded in putting out a fire which had been kindled in police headquarters.

Paris is in a fever of excitement today, the opposition papers declaring that the present government is responsible for the bloodshed and disorder.

A secret report to the government from Midi stating that a regiment has mutined at Agde and refused to fire on the striking wine growers was responsible for a special urgent meeting of the cabinet called at noon today. A secret session was held and no announcement made as to the result of the deliberations.

Paris, June 21.—Mutiny is sweeping over the entire army of southern France, according to reports being received by the Minister of War today. Following the desertion of the Seventeenth regiment this morning, one half of the Eighty-first regiment, sent to relieve the mutineers, joined them.

An unconfirmed report received late this afternoon says that thirteen cuirassiers, troops, which had been counted as loyal beyond question, have mutineed and are marching toward Narbonne, to take sides with the rioters.

The Sunset Lake Mystery.

Bridgeton, N. J., June 21.—New excitement was caused here today in the case of the drowning in Sunset Lake of Marie Vennell, while she was boating with George Evans, by the sensational discovery of new evidence and Chief of Police Aaron Smith announced his intention to make an arrest if the coroner did not take immediate action. There are circumstances that lead to the belief that Miss Vennell was about to become a victim of violence when she lost her life. Evans today is missing from his home, which he left yesterday to go to Nairton, four miles away, but his father said that George would be on hand when the prosecutor asked for him.

Divorce Granted.

Cleveland, O., June 21.—Mrs. Daisy Gordon Maud Hanna was today granted a divorce from Dan R. Hanna, son of the late Senator M. A. Hanna in the local courts on her charge of cruelty and neglect of duty. Mrs. Hanna was given the custody of their child and the alimony was settled out of court.

Telegraphers to Strike.

Chicago, June 21.—The strike of the telegraphers, it was announced at 1 a. m. today, would begin at 1 o'clock this afternoon at San Francisco and Oakland on a demand for a 25 per cent. increase in wages. President S. J. Small, of the Commercial Telegraphers' Union, refused to abide by the decision of officials in New York yesterday afternoon to call off the strike. Recognition of the Telegraphers' Union by the Western Union Telegraph Company is the demand of President Small—a demand which the executive committee in New York decided not to insist upon.

President Small made the following statement in San Francisco at midnight: "It makes no difference what the east may do. The union must be recognized. We shall declare a strike in various cities and carry on a guerilla warfare until the Western Union is forced to accede to our demands, or until we can bring the matter to the attention of the next Congress."

New York, June 21.—Acting President Konenkamp of the Commercial Telegraphers Union today announced positively that there would be no strike of the telegraphers at San Francisco. He said: "The statement issued by President Small in San Francisco last night that there would be a strike, was issued before he received word from me of a settlement. I did not send him the notice until midnight."

Clerks Thrash Colored Draughtsman.

A race riot took place in the Treasury Department in Washington yesterday afternoon within the very shadow of the White House. A draughtsman was severely beaten by some of the white clerks, who resented his presence in their office. Several months ago W. W. Cook, a colored man, was appointed to a position in the office of the supervising architect of the treasury. His presence caused a revolt on the part of the white clerks, who objected to the man because of the close proximity of the draughtsmen to each other when in the performance of their duties.

A number of the clerks resigned and several others got extended leaves of absence. There has been much friction because the man insisted on using the same toilet articles as the white men and the attitude of the whites and black became decidedly hostile.

Finally Thursday the colored man struck one of the men a blow in the face, and this was the signal for a general demonstration against him. He was given a severe thrashing. Efforts are being made to keep the matter quite, but the man was unable to attend to his duty yesterday.

Saved by a Dog.

Harrisburg, June 21.—Attacked by a maddened cow on her father's farm, Miss Clara Rupp, aged 16 years, was saved from a horrible death when, after the enraged animal had knocked her to the ground and was fiercely horning and trampling her, a large collie dog succeeded in getting the cow to turn its attack from his bleeding and battered mistress.

Miss Rupp was attacked by the cow, and her cries attracted the attention of the faithful Collie, who made a dash for the animal. As soon as the dog attacked the cow a fierce battle took place, which lasted 20 minutes, the dog by quick dodging, escaping injury.

Miss Rupp's cries attracted the attention of her father, who ran to her assistance. She was picked up and taken to the house, bleeding from her wounds her clothing torn into shreds. Her injuries are not serious.

Weds Stenographer He Couldn't Tempt

Chicago, June 21.—The girl did her work well. When her employer asked to take her out for an auto ride she said "No." When rich men flattered her and envious acquaintances said things that are so hard for a girl to hear and endure, she said nothing, but kept on working on her typewriter. And today she is mistress of a $25,000 home in Oak Park, with servants to do her bidding and a husband who adores her. This is the romance of pretty Frances Anderson, a stenographer, who, after a remarkable courtship of three years, has become the bride of the man who employed her—Frank H. Heidler, wealthy president of the Fink-Heilder Lumber Company, in the heart of the west side lumber district.

Landslide.

London, June 21.—Advices received here today tell of a terrible landslide at Pago Pago, on the southeast coast of the island of Tutila, Samoa, causing the death of an American sergeant of marines and doing heavy damages to the American naval barracks. The island belongs to the United States. The slide was caused by excessive rains which loosened great masses of earth and rocks on the sides of the mountain peaks, which rise 2,326 feet above Pago Pago. The island has a population of 4,900 and it is feared that more casualties will be discovered when the full sweep of the slide is explored.

Suicide at Morgue.

Baltimore, Md., June 21.—Arthur Ascendorf, aged 26, a clerk, and member of a well known family, committed suicide sometime last night at the city morgue. Asendorf gained admission to the house of death in some manner, and locking himself in the toilet room, closed all crevices and turned on the gas. His body was found by the keeper this morning.

Cabrera Dying.

Mexico City, Mex., June 21.—A party of planters who arrived here today from Guatemala made the statement that President Estrada Cabrera is dying. It is said Cabrera is dying of poisoning. Atrocities alleged to have been committed by him are ascribed to this cause.

Body of Missing Girl Found.

West Chester, Pa., June 21.—The body of Mary Newlin, the little five year old girl who has been missing since Sunday, was found buried in the back yard of her stepfather's home today. The stepfather, Irwin A. Lewis, has been arrested pending an investigation.

The New York Stock Market.

New York, June 21.—The stock market opened weak with declines running from 1-4 to 1 per cent. the latter extreme loss being recorded by great northern preferred. The stock market dragged wearily along in the afternoon with little change in prices.

Big Bond Issue.

New York, June 21.—The directors of the St. Louis and San Francisco Company today called a special meeting of the stockholders for August 12 to vote on an issue of $115,000,000 of fifteen and twenty-year gold bonds to bear not less than 5 per cent and to vote on an increase of $100,000,000 in the common stock. The largest part of the proceeds is to be used for refunding purposes and only $10,000,000, of the bonds can be issued in the next years for other purposes. No part of the proposed new stock will be issued, its authorization being asked to comply with Missouri state laws. The directors recommend the plan.

Burned to Death.

St. John, N. B., June 21.—Three men perished, a stewardess and several other women escaped with bad burns and several members of the crew were hurt, when fire turned the steamer Crystal Stream into a seething furnace early today at Up-River Point. Nearly every one on the steamer was asleep when the flames were discovered. The vessel is a total loss and there is little hope of finding the remains of those burned to death.

Not to be Recalled.

Tokio, June 21.—Official announcement was made today by the minster of foreign affairs that the report that the government contemplated the recall of Minister Aoki is without foundation.

Fatal Fall.

Joseph Graham Howie, 35 years old, an ironworker, fell from the top of the new House of Representatives office building in Washington yesterday morning to the concrete floor of the second story and was instantly killed. His head was crushed to a pulp by the fall.

Howie began his employment on the House building Wednesday morning, and he appeared to be an efficient workman. Yesterday morning he was assigned to the placing of iron girders on the very top of the building. After the beams were raised by a derrick it was Howie's work to place them in position. Howie was standing on one of the inside walls in the building directing the raising of a large iron girder. As it was being raised above those already in place Howie stepped back to get out of the way. In doing so he went off the wall and plunged backward and downward head foremost. The local residence of Howie is unknown. He has a brother in Richmond.

Col. Ayres May Face A Court.

Lieutenant Col. Charles G. Ayres, Thirteenth Infantry, does not unqualifiedly repudiate the interview attributed to him published some weeks ago, in which he criticised the Secretary of War, his brother officers and the army system generally. He was called on by the Acting Secretary of War to state whether he gave utterance to the sentiments attributed to him in connection with the episode of Mrs. Ayres being ordered from the military reservation at West Point.

Lieut. Col. Ayres' reply, which is now in the hands of Acting Secretary Oliver, is not satisfactory to the Department. As a result Ayres in all probability will be tried by a court-martial, but it will be convened until Secretary Taft returned to the city.

THEOLOGICAL SEMINARY CLOSING.

With solemn and impressive ceremonies, and in the presence of some of the leading Episcopal Church dignatories of the country ordination ceremonies occurred at 11 o'clock this morning at the Episcopal Theological Seminary of Virginia, west of this city, which marked the eighty-fourth closing exercises of this famous institution, where many of the foremost Episcopal clergymen of the country have received their training. The clergy and candidates assembled in the Prayer Hall, and from thence marched in a body to the chapel, where the exercises occurred, and occupied seats in the choir. Bishops Robert A. Gibson, D. D., of the diocese of Virginia; Alfred A. Randolph, D. D., of Southern Virginia; Bishop Beverly B. Tucker, of Virginia; and George W. Peterkin, of West Virginia, being in the chancel and conducted the services. An able and eloquent sermon was delivered by Rev. William E. Evans, D. D., of Alabama.

The deacons of the diocese of Virginia, who were admitted, are as follows: Revs. William Carter Harrison, B. A., David Henry Lewis, Wiley Roy Mason, Thomas Lowry Sinclair, B. A., Lorenzo Davenport Vaughn, Ivan Marshall Green and Alexander Stuart Green.

The deacons of Southern Virginia are: James Gilmer Basie and William Gibson Pendleton.

Those ordained to the priesthood of Southern Virginia are: Revs. J. M. B. Gill, of All Soul's Church, Portsmouth; Francis R. Lee, of St. Paul's Church, Lynchburg; Rev. H. J. Geiger, assistant to St. John's Church, Hampton, and Rev. Henry G. Lane was ordained to the priesthood by the bishop of Virginia.

Of the students graduating yesterday the ordinations were as follows: Robert Evans Browning, B. A. was ordained recently by the Bishop of Washington, D. C., and now stationed at the Pro-Cathedral at Washington; Rev. Myron Barraud Marshall was ordained in Portsmouth, Va., by the Bishop of Southern Virginia; Robert Albert Griesser, Ph. B. was ordained by the Bishop of New York; Rev. Milton Rober Warsham will be ordained by the Bishop of Kentucky.

The appointments as announced are as follows: Rev. Lewis Carter Harrison, B. A. to Northumberland county; Rev. David Henry Lewis to Goochland county, Virginia; Rev. Wiley Roy Mason appointed to assist Rev. G. P. Mayo at the missionary work in the mountains of Albemarle county, Virginia; Rev. Lorenzo Davenport Vaughn, to Essex county, Virginia; Rev. Ivan Marshall Green, to Page county, Virginia; Rev. Alexander Stuart Gibson, B. L., to assist in Gloucester county, Virginia; Rev. James Gilmer Buskie, to Emporia, Virginia; Rev. William Gibson Pendleton, to Accomac; Rev. Myron Barraud Marshall to missionary work in Brazil; and Thomas Lowry Sinclair to China.

Bishop Gibson ordained the priests and deacons of Virginia, Bishop Tucker the priests of Southern Virginia, and Bishop Randolph the deacons of Southern Virginia.

The bishops who have taken part during the exercises at the Seminary during the week were Gibson, of Virginia; Randolph and Tucker, of Southern Virginia; and Petekin and Gravatt, of West Virginia.

THE PUBLIC SCHOOLS.

The annual closing of the public schools was concluded this morning when the pupils of Snowden School, colored boys, John F. Parker, principal, held their exercises.

In the absence of the Superintendent, who is sick, the exercise swere conducted by the Clerk of the School Board. The following was the programme:

Prayer, Rev. John Colbert; song, "Chime on, Sweet Bells;" distribution of certificates in schools Nos 5 and 4. Song, "Winter is Over," school No. 4; distribution of certificates in schools Nos. 3 and 2. Song, "America," school No 5; distribution of certificates in school No. 1. Awarding of superintendent's medal. Address for Superintendent Kemper by the Clerk of the School Board; address by Rev. John Colbert; dismissal.

The superintendent's medal was awarded to James Dishman and cards of honor to James Berry, James Dishman, Geo. Jackson, James Lane, Edward Lane, Lloyd Pratt, Charles Fortune, Walter Smith, Richard Hollenger, Coulter Willis, Lloyd Arnold, Alphonzo Barbour, Archibald Simms, Roscoe Whiting, Jno. Blackburn, Perry Felton, Page Durham. Special mention was made of James Dishman and Roscoe Whiting for neatness.

FINED FOR FIGHTING.

Esther Johnson and Lizzie Welch, both colored, were before the Police Court this morning charged with fighting. The conflict took place yesterday morning on Commerce street, and after the couple had rolled each other in the street for a short time Officer Beach and Special Officer Carter appeared and took the two women in custody. They were fined $5 each. The Welch woman was also sentenced to jail for 10 days. She, it will be remembered, was recently arrested with L. G. Welch, a white man, whom she averred she had married in a northern State. Welch was sent to jail for 90 days, and the woman was released upon promising to leave the city. Welch with George B. Cluous escaped from jail last night.

BARKENTINE DETAINED.

The barkentine Josphine, from Trinadad with asphalt for Washington, anchored a short distance north of Jones's Point yesterday evening. Dr. Arthur Snowden, Marine Hospital Surgeon, boarded the vessel, and as she came from an infected port, the barkentine will be fumigated, by order of the government authorities, and not allowed to proceed until she procures a clean bill of health.

ANOTHER "CHICKEN".

Mr. John Otis, living on north Henry street, has a chicken that resembles a duck very closely. The fowl has web feet and the wings of a duck and walks as a duck—still it is a chicken. The chicken will be found on the gentleman's premises and can be examined.

COMMITTEES MEETING.

A meeting of the committee on finance and general laws was held last night in the City Hall building to consider a resolution recently introduced in the City Council looking toward the bringing back within the city limits the steam railroad depots recently removed without these limits; also to inquire into the present mode of taxation of railroad property within the city of Alexandria.

A committee of the Chamber of Commerce appeared before the committees and their statements were substantially to the effect that present conditions, so far as the location of the depots was concerned, were satisfactory to 75 per cent. of the wholesale merchants represented by the Chamber of Commerce. They called attention to the fact that by next September a street car service would be in operation between the new passenger depot and the foot of King street; also that the electric trains going to and coming from Washington stop within two squares of the depot, and that train follows train all day and half of the night. In regard to the freight depot the committee said that the depot for the handling of freight on the B. & O. and Washington-Southern roads had been re-established at Cameron and Henry streets before the advent of winter weather in order to accommodate merchants who naturally objected to sending teams outside the city's limits, but when upper King street shall have been repaved the new freight depot adjoining the new passenger station will be reopened. In the meantime the railroad companies will have constructed a vitrified brick or other suitable roadway from a point near Spring Park to the depot. The committee further stated that the railroad companies seemed disposed to meet all reasonable requirements of the city.

The Council committees subsequently held an executive session and their report will probably not be submitted till the retail merchants and the traveling public are given a hearing.

ESCAPED FROM JAIL.

George B. Cluous, a soldier, who was recently sentenced to the penitentiary for three years for stealing two horses and a carriage from Mr. Peter Harrington in this city, and L. Y. Welch, who was serving a ninety-day term for cohabiting with a colored woman who, it is alleged, he had married in another State, escaped from jail some time between one and two o'clock this morning. The two men were in an upper room in the northeastern part of the building, and they succeeded in removing a portion of the window frame and enough bricks from the wall to make an aperture through which they could pass. The prisoners had torn their blankets into strips from which they improvised ropes and lowered themselves to the yard. They then managed to scale the wall. Mr. William Candler, the warden, discovered that the prisoners had escaped almost as soon as they reached the street, and started after them. He made a close search around the jail wall and the immediate neighorhood. The policemen on duty at the time were notified, and they endeavored to intercept the fugitives, but nothing definite concerning their whereabouts could be learned. The Washington authorities have been notified, as well as those in this immediate vicinity, and it is believed the two men will be captured. Mr. R. H. Cox, City Sergeant, has offered a reward of $100 for the recapture and return of the fugitives.

AWAITING THE REPORT.

Gov. Swanson was last night asked why he had not taken action regarding the outrages perpetrated at Pine Beach last Sunday night, when an officer and three men of the Seventieth Regiment of Virginia Volunteers were improperly arrested and an innocent bystander, Sergeant Koiner, of Staunton, was clubbed and nearly killed by a special policeman from Illinois by the name of Stephenson.

In reply the governor said: "I have not yet received from General Vaughan a copy of the testimony taken in the Pine Beach cases against the militia. The people of the State may feel sure that I will not only give the matter my personal attention, but my vigorous attention, and that I will vindicate the military of Virginia, and see that the laws of the State are enforced."

PREPARING FOR SEPULTURE.

The winners in the recent congressional contest say that orders for tombstones for the political graveyard are coming in fast, while the demands for crape exceeds the supply. While some of the greater lights among the vanquished are to have mausoleum, many of the small fry, it is said, will have to be content with simple slabs and in some cases shingles. In order to avoid the labor of digging simple graves the voters say trenches are to be used in many cases.

NO TELEPHONE.

Although telephonic service was furnished the postoffice in this city free of charge, those in authority have ordered the discontinuance of that service, and in Alexandria, a city of fifteen thousand inhabitants, with a large surrounding population receiving their mail from this city, is cut off from telephone communication with the postoffice. Why?

TRADES UNION.

There was a midnight meeting last night of the Alexandria Trades Council to consider existing relations between certain employees of the electric railway and officials of the company as well as complaints of those who have recently been discharged. The meeting was executive in its nature, and nothing was given out for publication.

AUCTION SALE TOMORROW.

Mr. Samuel H. Lunt, auctioneer, will offer at public sale at noon tomorrow in front of the Royal street entrance to the City Hall a building lot on Oronoco street, between Washington and Columbus.

CIRCUIT COURT FOR THE COUNTY

[Judge L. C. Barley presiding.]

A special grand jury was sworn and returned indictments against a number of colored men for stealing chickens, housebreaking, cutting with a knife, assault and battery, &c.

No action was taken by the grand jury in the case of George Garrett, colored, charged with the murder of Louis Ledden, a Washington paperhanger, which occurred in an alleged "dope" joint at Rosslyn several weeks ago, as there was no evidence to show that Garrett had killed the man. Garrett, who had been confined in jail, today paid a fine of $50 recently imposed upon him and was released.

SURPRISE PARTY.

A very pleasant surprise party was given Miss Isabella Lewis at the residence of her grandmother, Mrs. Isabella Lewis, 1108 Princess street, Wednesday night, by the choir of the Third Baptist Church (colored), of which Miss Lewis is a member. The party was given in honor of Miss Lewis's graduation from the M street High School, of Washington. Among those present were Misses Emma Jones, Selena Thompson, Mildred Chapman, Bertha Chapman and Mattie Lee; Mrs. R. J. Henderson, Mrs. Louise Harris, Rev. D. G. Henderson and Messrs. Frank Allen and Aaron Stewart. A delicious repast was spread and Miss Lewis received many beautiful presents. 1t

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

Virginia's Resources.

The State Board of Agriculture and Immigration has just sent to the Jamestown Exposition, for distribution, a large number of booklets, printed under the direction of that body, descriptive of the resources of Virginia, these to be distributed to the many visitors who may be interested in locating in this State. The board ordered an edition of twenty-five thousand copies, and the first installment received from the press is now being distributed at the Exposition. The booklet is well illustrated with handsome half-tone cuts and is of such a size as not to be too bulky for the Exposition visitor to place in his pocket for safe keeping, and carry home with him. Indeed, it is so attractive in form, and serves its purpose so well, that the average man who secures a copy will consider it worth keeping. The idea of the board in having the booklet printed was not that it should be hastily read, and left behind, but that the visitor would take it home with him, and by this means the publication would find its way into almost every State in the union, and perhaps be passed around to be read by others.

Get a free sample of Dr. Shoop's "Health Coffee" at our store. If real coffee disturbs your Stomach, your Heart or Kidneys, then try this Clever Coffee imitation. Dr. Shoop has very closely matched Old Java and Mocha Coffee in flavor and taste, yet he has not a single grain of real Coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. Made in a minute. No tedious wait. You will surely like it. Sold by E. S. Leadbeater & Sons.

Plot to Killed King.

Details of a plot hatched at the recent meeting of anarchist leaders at Zurich to assassinate King Victor Emmanuel of Italy became known in Rome yesterday. Lots were drawn and the task of the assassination fell to two European anarchists.

The Swiss secret police, who had been watching the meeting, obtained a tip on the doings of the plotters and communicated with the police at Rome. Special detectives were sent to all frontier stations and occupants of every car entering Italy were searched in a vain effort to apprehend the conspirators.

Extra precautions were taken at the royal palace and a double detail of secret service men is still on guard.

It is believed that the purpose of the anarchist chiefs was to murder the king before theforthcoming International Anarchist Congress at Amsterdam, in order to arouse enthusisam among the followers of the movement.
